

Small Animal Veterinarian

Pet Doctors Kelburn Wellington

Wellington is the 'coolest little capital in the world' why even Cory Jane & Victor Vito want to stay and play here! Visit www.wellingtonnz.com

Pet Doctors Kelburn combines high quality and compassionate care for our patients with exceptional and personalised client services. Each pet at Pet Doctors Kelburn receives the same high quality care through our unique preventative healthcare service developed to meet the needs of both pets and owners.

Kelburn is a highly sought after residential area of Wellington with a strong local community.

We have a vacancy for a small animal veterinarian to work in our clinic. This clinic is open 6 days per week.

Our well-equipped clinic and hospital provides a comprehensive range of preventative, medical and surgical care, to help look after your pet and its health, including:

- Preventative healthcare service for our clients pet's health
- Clinical diagnostic equipment
- On-site laboratory
- Fully equipped surgery, with up-to-date anaesthetic and monitoring equipment.
- Hospital boarding facilities
- Full x-ray facilities

This position is for 4 days per week and includes some weekend work.

We are looking for someone special with a go-get it attitude to life who enjoys interacting with other team members. We are ideally seeking a veterinarian with 3-4 years small animal experience.

We provide excellent facilities where there is great collegiality amongst our other small animal veterinarians.

All our clinics are supported by qualified Veterinary nurses and client care teams who are focused on providing the highest possible standards in pet care.

Continuing education is encouraged and financially supported.

Please send your application and CV to, or contact for more information:
